[CRITICAL INDUSTRY ADVISORY] : THE DANGERS OF 'RS. 1,500 FOR 5,000 FOLLOWERS' ADS:
You may encounter sellers on Facebook advertising 5,000 followers for Rs. 1,500. It is crucial to understand the risks:

- **72-Hour Count Crash (70%–90% Drop):** Cheap sellers inject dead, scraped datacenter accounts that Meta's automated spam filters purge within 3 to 4 days, leaving your page with zero followers and zero refund.
- **Permanent Policy Flags & Restricted Reach:** Meta's automated algorithms flag sudden bursts of dead bot accounts with '*Policy Issue: Inauthentic Engagement*', restricting organic post impressions and page visibility.
- **The ApexWeb Safeguard:** We use genuine Meta Ad impressions to seed real viewer interactions, followed by progressive drip-feed and a strict 30-Day Free Automated Refill Guarantee.

2. OPTIONAL GROWTH ACCELERATION ADD-ONS

- **Facebook Page Optimization & Visual Branding Audit:** Rs. 5,000 one-time
- **Custom Video Cover & Banner Graphic Pack (5 Assets):** Rs. 7,500 one-time
- **Meta Ads Retargeting & Local Audience Setup:** Rs. 8,500 one-time
- **Multi-Platform Growth Roadmap (FB + TikTok + YouTube):** Rs. 10,000 one-time
